

Massachusetts Association for Infant Mental Health
Birth to Six, Inc.

Conversations between Practitioners and Researchers:

Meeting the Needs of Children in the Opioid Epidemic

You're invited to attend the second in a series of conversations between practitioners and researchers

Hosted by
Massachusetts Association for Infant Mental Health

A panel discussion of what we know (and don't know) about the effects of opioid exposure on newborns and young children, and an example of a clinical practice model

Participants:

- Jayne Singer (practitioner)
- Anat Weisenfreund (practitioner)
- Ruth Paris (researcher)
- Clinician involved in Project BRIGHT

When: Thursday, May 3rd, 2018

Where: University of Massachusetts Medical School
South Street Campus
333 South Street, Shrewsbury, Ma

Time: 5:30pm – 7:30pm

Suggested donation \$10, waived for MassAIMH members

Please RSVP: Jessica Bartlett - jbartlett@childtrends.org
